

Apologies received from J Harkins

The Chairman (AW) opened the meeting by welcoming everyone to the AGM. AW started by giving her thanks to Mr & Mrs Watts for the use of their land and facilities once again this year and also thanks for their help, advice and support through another difficult year. The club appreciate all they do for us.

AW went on to say that the event calendar had started late again this year due to weather conditions and on-going covid restrictions. When events were eventually restarted, the club ran a few booked Clear Rounds which seemed to be quite popular and worked well with social distancing restrictions.

AW then handed over to the Treasurer for a financial report of the club.

The Treasurer (DW) opened by saying that 2021 had been a better year financially for the club despite running events in a shorted time frame than usual. DW went on to explain that the majority of entry payments, this year, were made to our PayPal account or, in some cases, bank transfer which left the bank account occasionally short of funds to pay bills. This was addressed by the transfer of funds (£3000) from PayPal to the bank. The clubs biggest outlay this year were for the club camp at Bucklebury, British Riding Clubs, Jumps insurance and 1st Aid for the ShowCross competitions.

DW closed by explaining that the club was £2251.85 better off this year but most of this was ear-marked for XC course repairs and rosette replacement for the coming season. Both PayPal and Bank accounts are healthy going into 2022.
